RE: Water Tank Logo Painting in Lewisville, NC

To the Executive Officer of Classic Protective Coatings Inc.:

Due to the outstanding work that was done rehabbing and painting the Lewisville Water Tank I am compelled to write to you to congratulate Mr. Efrain Valdelamar and his crew. These gentlemen worked for several months on a tank rehab that was in restrictive conditions being next to a busy collector road and an elementary school playground. Not one complaint was received and to the contrary I was approached several times with compliments about their seemingly invisible work in a most visible area in the center of downtown Lewisville. His professionalism and courtesy speak well for this company.

Mr. Valdelamar and his crew did an excellent job placing our town Logo on the water tank. The logo consists of a building and the name of the town. The product delivered by Mr. Valdelamar and his crew was exactly what was negotiated in size, proportion and placement.

Please accept once again my compliments for Mr. Valdelamar and his crew for a job well done.

Sincerely,
